

ABANS CAPITAL PRIVATE LIMITED

Audited Standalone Financial Statements F.Y. 2024-2025

CNK & Associates LLP Chartered Accountants

Independent Auditor's Report

To
The Members of Abans Capital Private Limited
Report on the Audit for the Financial Statements

Opinion

We have audited the Financial Statements of **Abans Capital Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as 'Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the loss (financial position including Other Comprehensive Income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (Sas) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

CNK & Associates LLP Chartered Accountants

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action necessitated by the circumstances and the applicable laws and regulations.

Responsibilities of Management and Board of Directors for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including Other Comprehensive Income, Changes in Equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Chartered Accountants

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances. Under section 143(3)(i) of the Act, we are not responsible for expressing
 our opinion on whether the Company has adequate internal financial controls with respect to financial
 statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the
 disclosures, and whether the Financial Statements represent the underlying transactions and events in a
 manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of the Company for the previous year ended March 31, 2024, were audited by the predecessor auditors. These auditors have expressed unmodified opinion vide their report dated May 9, 2024, on such financial statements. Accordingly, we do not express any opinion on the same.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure A", a statement on the matter specified in the paragraph 3 and 4 of the Order, to the extent applicable.

Mistry Bhavan, 3rd Floor, Dinshaw Vachha Road, Churchgate, Mumbai 400 020. Tel: +91 22 6623 0600 501-502, Narain Chambers, M.G. Road, Vile Parle (E), Mumbai 400 057. Tel: +91 22 6250 7600

Chartered Accountants

- 2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of accounts;
 - d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) On the basis of written representations received from the directors as on March 31, 2025, and taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025, from being appointed as a director in terms of section 164(2) of the Act;
 - f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, since the Company is a private Company, provisions of section 197 of the Act are not applicable to the Company.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statement. Refer Note 15 to Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2025.
 - iii. The Company is not required to transfer any amount to the Investor Education and Protection Fund during the year ended March 31, 2025.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf

Chartered Accountants

of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures we have considered reasonable and appropriate in the circumstances; nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year ended March 31, 2025.
- Vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the Audit trail has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The Annexure referred to in Independent Auditor's Report to the members of the Company on the Financial Statements for the year ended March 31, 2025, we report that:

- In respect of the Company's Property, Plant and Equipment:
 - a) The Company has no Property, Plant & Equipment and Intangible Assets during the year. Hence reporting under clause 3 [i] (a) to (d) is not applicable.
 - b) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
 - a) The Company does not hold any inventory as on March 31, 2025. Therefore, the provisions of paragraph 3(ii)(a) of the said Order are not applicable to the Company.
 - b) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned a working capital limit in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets.
- iii. a) According to the information and explanations given to us and on the basis of our examination of the records of According to the information and explanation provided to us by the management, during the year the Company has not made any investments, granted any loans or security or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, however, the company has provided guarantees during the year.
 - b) According to the information and explanations provided to us by the Management and based on the documents verified by us, the terms and conditions of the investments made and guarantees provided are, prima facie, not prejudicial to the Company's Interest. However, Provision of paragraph 3(iii) (c),(d),(e) and (f) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations provided to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans, investments made and guarantee provided.
- v. According to the information and explanations given to us, the Company has not accepted any deposits to which directives of Reserve Bank of India and provisions of section 73 to 76 or other relevant provisions of the Companies Act, 2013 and rules framed thereunder apply. Accordingly, the provisions of paragraph 3(v) of the said Order are not applicable to the Company.
- vi. According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Act. Accordingly, reporting under paragraph 3 (vi) of the Order are not applicable.

$Chartered\ Accountants$

- vii. According to the information and explanations provided to us and the records of the Company examined by us, in our opinion:
 - a. The Company has been generally regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues applicable to it with the appropriate authorities.
 - There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2025, for a period of more than six months from the date they became payable.
 - b. According to the information and explanations given to us and the records of the company examined by us, there are no dues of Goods and Service Tax, Provident fund, Employees' State Insurance, Income-tax, Service Tax, Sales Tax, Duty of Customs, Duty of excise, Value added Tax, Cess and any other material statutory dues which have not been deposited on account of any dispute.
- viii. According to the information and explanations provided to us and on the basis of our examination of the records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) According to the information and explanations provided to us and on the basis of our examination of the records, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender as on March 31, 2025.
 - (b) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the Company has not been declared wilful defaulter by any bank or financial institution or other lender.
 - (c) According to information and explanation provided to us by management, the Company has not obtained term loans hence reporting under paragraph 3(ix)(c) is not applicable to the Company.
 - (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the Financial Statements of the Company, we report that no funds have been raised by the Company. Accordingly, reporting under paragraph 3(ix)(d) of the order is not applicable to the Company.
 - (e) According to the information and explanation provided to us and on the basis of our examination of records of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

Chartered Accountants

- (f) According to the information and explanations provided to us and on the basis of our examination of records of the Company, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Accordingly, reporting under paragraph 3(ix)(f) of the order is not applicable to the Company.
- x. (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not raised any money by way of term loans, initial public offer or further public offer (including debt instruments) and hence, the provisions of paragraph 3(x)(a) of the Order are not applicable to the Company.
 - (b) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under paragraph 3(x)(b) of the Order is not applicable.
- xi. (a) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
 - (b) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
 - (c) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the Company has not received any whistle blower complaints during the year. Accordingly, reporting under paragraph 3(xi)(c) of the Order is not applicable.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii)(a) (b) and (c) of the Order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial Statements as required by the applicable Indian accounting standards.
- xiv. According to the information and explanations provided to us and based on our examination of the records of the Company, the company does not have any internal audit system since the provisions of section 138 of the Act are not applicable to the company. Accordingly reporting under paragraph 3 (xiv) of the order is not applicable.

CNK & Associates LLP Chartered Accountants

- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- xvi. (a) According to the information and explanations provided to us the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Hence reporting under the provisions of paragraph 3(xvi) (a) to (c) is not applicable.
 - (b) According to the information and explanations provided to us, in our opinion, the company is not a Core Investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under paragraph 3 (xvi) (d) of the order is not applicable.
- According to the information and explanations provided to us and on the basis of our examination of the records of the Company, the procedure performed by us, and on an overall examination of Financial Statements of the Company, the Company has incurred cash losses of Rs 3.12 Lakhs in the current financial year and of Rs 2.14 Lakhs in the immediately preceding financial year.
- xviii. There has been resignation by the statutory auditors during the year and the outgoing auditor has not raised any issues, objections or concerns based on our communication with outgoing auditor as required under ICAI Code of Ethics and further no issues, objections, or concerns, were raised in their audit report dated May 9, 2024 for previous financial year.
- xix. Based on the ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Financial Statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Chartered Accountants

xx. According to the information and explanations provided to us and on the basis of our examination of the records of the Company, we report that the provisions of Section 135 of the Companies Act, 2013 relating to Corporate Social Responsibility are not applicable to the Company. Accordingly, reporting under the clause 3(xx)(a) and (b) of the order are not applicable.

MUMBAI

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

I Nature of Operations:

Abans Capital Private Limited (the Company) is a private company limited by shares domiciled in India, incorporated under the provisions of Companies Act, 2013 and having CIN:U67100MH2019PTC319613. The Company is holding company and engaged in the incubation/promotion of new business ventures by acquiring or incorporating companies.

Its registered office is situated at 36/37/38A, 3rd Floor, 227, Nariman Bhavan Backbay Reclamation, Nariman Point, Mumbai – 400021. The Financial statements were approved for issuance by the Company's Board of Director on May 26,2025.

IIA Basis of Preparation:

(a) Basis of Preparation:

For all periods upto and including the year 31st March 2019 the company prepared its financial statements in accordance with Companies The Financial Statement have been prepared under historical cost convention basis except certain assets and liabilities which have been measured at fair value or revalued amounts. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Certain assets and liabilities which have been measured at fair value or revalued amounts which are as follows;.

- 1. Certain Financial instruments measured at fair value through other comprehensive income (FVTOCI);
- 2. Certain Financial instruments measured at fair value through Profit and Loss (FVTPL);
- 3. Defined Benefit Plan asset measured at fair value;
- 4. Contingent consideration is measured at fair value;

The financial statements of the Company is prepared on going concern basis as the management is satisfied that the company shall be able to continue it's business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment management has considered a wide range of information relating to present and future conditions including future projection of profitability, cash flows and capital resources.

The functional and presentation currency of the company is Indian rupees. All amounts disclosed in the financial statements and notes are rounded off to the nearest INR rupees in lakhs except when otherwise indicated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

(b) Use of estimates:

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities), revenues and expenses and disclosure as of the financial statements. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the Financial Statements.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial Statement are as below:

- 1. Valuation of Financial Instruments;
- 2. Valuation of inventories;
- 3. Evaluation of recoverability of deferred tax assets;
- 4. Useful lives of property, plant and equipment and intangible assets;
- 5. Measurement of recoverable amounts of cash-generating units;
- 6. Obligations relating to employee benefits;
- 7. Provisions and Contingencies;
- 8. Provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions;
- 9. Recognition of Deferred Tax Assets; and
- 10.Business Model Assessment.

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

(c) Presentation of financial statements:

The Company prepares and present its Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the format prescribed by Division II of Schedule III of the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 'Statement of Cash Flows'.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis where permitted by Ind AS.

IIB Accounting Policies:

Material Accounting Policies

(a) Investments:

Investments in equity and preference shares of subsidiary companies are carried at cost less accumulated impairment losses as per 109 "Financial Instruments", if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down to its recoverable amount. On disposal of investments in subsidiary companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Investments in debt instruments are measured at amortised cost.

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments.

(b) Financial Instruments:

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All financial instruments are at amortised cost, unless otherwise specified. All the financial instruments are recognised on the date when the Company becomes party to the contractual provisions of the financial instruments.

(i) Financial assets:

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Equity instruments are instruments that meet the definition of equity from the issuer's prospective, that is, instruments that do not contain a contractual obligation to pay and that evidences a residual interest in the issuer's net assets.

For investments in equity instruments, this will depend on whether the Company's has made an irrevocable election at the time of initial recognition to account for the equity investment either at fair value through other comprehensive income or fair value through profit & loss

Dividend income on the investments in equity instruments are recognised as 'Revenue from operations' in the Statement of Profit and Loss.

Investments in mutual funds and government securities are measured at fair value through profit and loss (FVTPL).

Initial recognition and measurement:

Financial assets are recognized when the company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement:

After initial recognition, financial assets (other than investments in subsidiaries and joint ventures) are measured either at:

i) fair value (either through other comprehensive income or through profit or loss) or,

ii) amortized cost

Measured at amortized cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ('EIR') method less impairment, if any, the amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Page 6

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

Measured at fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI) net of taxes. Interest income is measured using the EIR method and impairment losses if any are recognized in Profit and Loss. Gains or Losses on de-recognition of investment in equity instruments classified as the FVOCI are reclassified to retained earnings. In case of Investments in debt instruments classified as the FVOCI, the gains or losses on de-recognition are reclassified to statement of Profit and Loss.

Measured at fair value through profit or loss (FVTPL):

A financial asset not classified as either amortized cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized as 'other income' in the Statement of Profit and Loss.

- 1. The Company measures all its investments in equity (other than investments in subsidiaries and joint ventures) and mutual funds at FVTPL. Changes in the fair value of financial assets measured at fair value through profit or loss are recognized in Profit and Loss.
- 2. Investment in commodities are measured at fair value through profit or loss.

Impairment losses (and reversal of impairment losses) on equity investments and on commodities measured at FVTPL are recognised in Profit and Loss.

Impairment of financial assets:

A. The Company assesses on a forward looking basis the expected credit losses (ECL) on all the financial assets that are not measured at fair value through profit and loss (FVTPL). The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivable only, the company applies the simplified approach permitted by Ind AS - 109 Financial Instruments

B. In case of Loans and advances of Non - banking financial companies, loan that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. ECL is recognised on EAD as at period end.

If the terms of a financial asset are renegotiated or modified due to financial difficulties of the borrower, then such asset is moved to stage 3, lifetime ECL under stage 3 on the outstanding amount is applied.

The Company assesses when a significant increase in credit risk has occurred based on quantitative and qualitative assessments. Exposures are considered to have resulted in a significant increase in credit risk and are moved to Stage 2 when:

- 1. Quantitative test: Accounts that are 30 calendar days or more past due move to Stage 2 automatically. Accounts that are 90 calendar days or more past due move to Stage 3 automatically.
- 2. Qualitative test: Accounts that meet the portfolio's 'high risk' criteria and are subject to closer credit monitoring. High risk customers may not be in arrears but either through an event or an observed behavior exhibit credit distress.

The definition of default for the purpose of determining ECLs has been aligned to the Reserve Bank of India definition of default, which considers indicators that the debtor is unlikely to pay and is no later than when the exposure is more than 90 days past due.

To the above extent Company continues to incrementally provide for the asset post initial recognition in Stage 3, based on its estimate of the recovery

A financial asset is de-recognized only when:

- i) The Company has transferred the rights to receive cash flows from the financial asset or
- ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognized if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

(ii) Financial liabilities:

Classification as debt or equity:

Financial liabilities and equity instruments issued by the company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement:

Financial liabilities are recognized when the company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value.

Subsequent measurement:

Financial liabilities other than those measured at fair value through profit and loss are subsequently measured at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in Profit and Loss.

De-recognition:

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

Fair value of financial instruments:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the Company can access at measurement date.

The Company has defined its financial assets and liabilities below:.

Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Trade Payables:

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per the terms of trade. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

Trade Receivables:

These amounts represent receivables for goods and services provided by the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually received as per the terms of trade. Trade and other receivables are presented as current assets unless payment is not due within 12 months after the reporting period.

(c) Revenue from contracts with Customers

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind AS of accounting on accrual basis. Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, and it typically controls the goods or services before transferring them to the customer.

Rage 8

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

The company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the company satisfies a performance obligation.

The company recognises revenue from the following sources:

- a. Fee income including such as advisory fees, management fees and is recognised based on the stage of completion of assignments, performance and terms of agreement with the client.
- b. Interest income is recognised using the effective interest rate method.
- c. Dividend income is recognised when the right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the company and the amount of the dividend can be measured reliably.

(d) Income taxes:

i) Current Tax:

Current tax is measured at the amount expected to be paid in respect of taxable income for the year in accordance with the Income Tax Act, 1961. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset only if the Company has a legally enforceable right to set off the recognised amounts, and it intends to realise the asset and settle the liability on a net basis or simultaneously.

ii) Deferred Tax:

Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets arising mainly on account of carry forward losses and unabsorbed depreciation under tax laws are recognised only if there is reasonable certainty of its realisation, supported by convincing evidence.

Deferred tax assets on account of other temporary differences are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. Changes in deferred tax assets/liabilities on account of changes in enacted

tax rates are given effect to in the standalone statement of profit and loss in the period of the change. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date.

Deferred tax assets and deferred tax liabilities are off set when there is a legally enforceable right to set-off assets against liabilities representing current tax and where the deferred tax assets and deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

(e) Employee benefits:

The Company has been following post-employment schemes:

- A. Defined benefit plans Gratuity; and
- B. Defined contribution Plan Provident Fund

Defined benefit plans - Gratuity Obligations:

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Defined Contribution Plans:

Eligible employees of Group receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Group companies makes monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Group contributes a portion to Recognized provident Fund set up by Employees Provident Fund Organization of India which is deposited to government account within due date as set under Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the government.

Compensated absences:

Privilege leave entitlements are recognised as a liability as per the rules of the Company. The liability for accumulated leaves which can be availed and/or encashed at any time during the tenure of employment is recognised using the projected unit credit method at the actuarially determined value by an appointed actuary.

Other Accounting Policies

(f) Property, plant and equipment (PP&E)

An item of property, plant and equipment that qualifies for recognition as an asset shall be measured at its cost. Cost comprises of the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. Cost also includes direct cost and other related incidental expenses.

Borrowing costs relating to acquisition / construction / development of tangible assets, intangible assets and capital work in progress which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of property, plant and equipment are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation if this components are initially recognised as separate asset. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Type of Asset Estimated useful life

Buildings/Office Premises 60 years
Air Conditioner 5 years
Furniture and fittings 10 years
Office Equipment's 5 years

Depreciation is provided from the date the assets are ready to be put to use, as per written down value (WDV) method over the useful life of the assets, as prescribed under Part C of Schedule II of the Companies Act, 2013.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss within 'other income' or 'other expenses' respectively.

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

(g) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the acquisition price, development cost and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use.

Intangible assets acquired in a business combination that qualify for separate recognition are recognised as intangible assets at their fair values at the date of acquisition. The useful life of intangible assets are assessed as either finite or indefinite.

All finite-lived intangible assets, are accounted for using the cost model whereby intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Intangible assets are amortised over the useful life. Residual values and useful lives are reviewed at each reporting date.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss within 'other income' or 'other expenses' respectively.

(h) Impairment of assets:

At each reporting date, the Company assesses whether there is any indication based on internal /external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

(i) Cash and cash equivalents:

Cash and Cash Equivalents comprise cash and deposits with banks. The company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(j) Provisions:

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement. Provisions are not recognized for future operating losses.

When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

(k) Contingent Liabilities:

Contingent liability is disclosed in the case of: -

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- -a present obligation arising from past events, when no reliable estimate is possible a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Note 1: Material Accounting Polices and Notes to Accounts forming part of financial Statement for the year ended March 31, 2025

(I) Borrowing costs:

Expenses related to borrowing cost are accounted using effective interest rate for liabilities designated at amortised cost. Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred. Borrowing costs includes interest portion on lease liabilities, if any.

(m) Earnings per share

Basic earnings per share is calculated by dividing the net profit / (loss) for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the year attributable to equity shareholders and the weighted average numbers of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted at the beginning of the year and not issued at a later date.

In computing the diluted EPS, potential equity shares that either increase earnings per share or decrease loss per equity share, being antidilutive are ignored.

(n) Segment Reporting Policies:

An operating segment is an identifiable component/business activity ,results of which and allocation of resources are distinctly reviewed by chief operating decision maker and for which discrete financial information is available.

(o) Statement of Cash flow:

Cash Flows of the Group are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing Cash Flows. The cash flows from operating, investing and financing activities of the Company are segregated.

B. Fair value Measurement

All assets and liabilities for which the fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Inputs are quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement are (other than quoted prices) included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. There are no transfers during the year in level 1, 2 and 3. The Company policy is to recognize transfers into and transfers out of fair value hierarchy level as at the end of reporting period.

The following table summarises financial assets and liabilities measured at fair value on recurring basis and financial assets that are not measured at fair value on recurring basis but fair value disclosures are required.

Abans Capital Private Limited Notes to the Financial Statements

Financial instruments measured at amortised cost:

The carrying value approximates fair value for long term financial assets and liabilities measured at amortised cost.

C. Financial risk management

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company has exposure to the following risks arising from financial instruments:

- 1. Credit risk
- 2. Liquidity risk and
- 3. Market risk

1. Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various geographical areas. The Company has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good. The credit risk for cash and cash equivalents, mutual funds, bank deposits, loans and derivative financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings. Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draws to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

2. Liquidity risk

Liquidity Risk is defined as the risk that the Company will not be able to settle or meets its obligations on time at a reasonable price In addition; processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity through rolling forecasts of expected cash flows.

Exposure to liquidity risk

The table below is an analysis of Company's financial liabilities based on their remaining contractual maturities of financial liabilities at the reporting date.

| | Contractual cash flows | | | |

3. Market risk

Changes in market prices which will affect the Company's income or the value of its holdings of financial instruments is considered as market risk. It is attributable to all market risk sensitive financial instruments.

a. Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.

Sensitivity analysis

A reasonably possible strengthening /weakening of the Indian Rupee against US dollars at March 31 would have affected the measurement of financial instruments denominated in US dollars and affects profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.
